# Six Findings & Subcommittees

| Theme                  | Definition   |
|------------------------|--|
| Economic Inclusion     | All community members have equal access and opportunity to utilize workforce and talent services, Digital literacy, bilingual and monolingual Spanish upskilling and reskilling. These include but are not limited to: under-represented and minority populations. |
| External Barriers      | Advocacy and policy reform to address Transportation, Childcare, and Housing which affect access to job opportunities and limit how people can thrive in the community.  |
| Business Resources     | Provide a one-stop shop with resources, tangible services, and information to help local businesses accomplish necessary business goals.   |
| Training & Development | Create regional access for businesses to provide training and development opportunities for incumbent employees. This may include access to certifications and credentials, soft skills training, upskilling, etc.   |
| Talent Pipeline        | Holistic strategy for attracting and retaining the future workforce, with the goal to increase labor pool and positively contribute to the local economy. The aim is to generate career pathways and sector career pathway models.                                 |
| Work-based Learning    | Regional commitment to expanding internships, pre-apprenticeships, apprenticeships, on-site career learning opportunities, and more.   |
