■ Required, default standard

☐ Optional, alternative standard to be applied based on context

[1] Landscape refers to allocation of space between front lot line and front building line. See Section 24-802 Landscape Design for planting requirements, standards, and specifications.

Include Courtyard Development Options

Figure 24-5-16 Courtyard Pattern

Courtyard patterns allow multiple buildings to front on common open spaces with reduced lot sizes and setbacks, provided all open space design standards are met, provided the courtyard and buildings maintain frontage design and streetscape standards on a public street.
