

**Join the Fort Collins Area Chamber of Commerce,  
in partnership with Strategically Authentic, as we serve up  
*A Pint of Professional Development***

This fall, the Fort Collins Area Chamber of Commerce is proud to host a 6-part professional development series targeting young/early-stage professionals in Northern Colorado.

Sessions will take place from 3:30 - 5:00 p.m. every Tuesday starting October 1. Each session will include **networking opportunities**, **professional development** content from an expert facilitator, and **one beverage** of the participant's choosing.

Topics addressed across the program will include:

- Optimizing Productivity Skills
- Practical Project Management
- Professional Communication
- Emotional Intelligence at Work

Along with facilitating the professional development sessions, Dr. Erika Michalski will be hosting Office Hour Happy Hours for participants. It will be an opportunity for individuals to get additional support or tailored insight on session content while networking with their classmates. Participants are expected to attend all professional development sessions.

**Program Dates:**

- October 1: Session 1
- October 8: Session 2
- October 15: Office Hour Happy Hour
- October 22: Session 3
- October 29: Session 4
- November 5: Office Hour Happy Hour

A unique layer of this program is the follow up process. Each participant must identify someone in a supervisory capacity who will receive follow up information about the content from the session. This information will help that supervisor provide support for the participant implementing new skills gained from the session.

**The program fee to participate in A Pint of Professional Development is \$125.** Upon acceptance into the program, participants will be billed this program fee. To apply for A Pint of Professional Development, please submit the application on the following page.
